

PENGUIN

You will need:

9 black sticks
4 white sticks
1 orange stick
1 yellow stick
5"x12" foil

Scissors 

1-3

Steps 1-3:

Crumple foil into a cylinder. Cut 3 white sticks in half. Lay them together, then bend them at the center. Press the white shape against the foil. Tuck the four center pieces under. Point the three adjacent pieces forward.

4

Step 4:

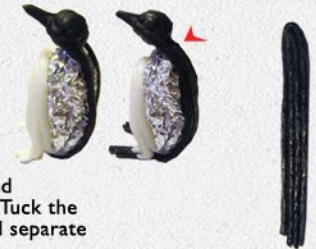

Roll 1 black stick into a tight ball. Fold 1 black stick in half and place the ball inside it. Pinch together at the fold, then press it against the sides of the ball.

5-6

Steps 5 & 6:

Position the head and wrap the ends straight down the back. Fold 2 black sticks in half. Then in the space between the black sticks, with the round end at the back of the neck. Tuck the ends under the body and separate them to make 2 feet. Trim the toes if necessary.

7

Step 7:

Press 2 black sticks into a point at one end. Wrap the other end into a long oval and press it against the side of the penguin as shown. Repeat on the other side. Connect the points in the back as shown.

8

Step 8:

Cut 1 black stick in half. Fold three times and pinch together at one end. Curve the tips. Press against either side of the penguin.

9

Step 9:

Zig zag 1/2 a white stick to fill in the space between the chin and the chest. Roll 2 4ths of a white stick into spirals and press them on either side of the head. Cut 3 short pieces of orange. Press them on the top of each spiral, and just below the chin. Cut and roll 2 small yellow eyes, plus 2 smaller black pieces for the center.
